Two bases on balls and a single tied the score. Boston in the second half, when the game was called on account of darkness. Swartwood's decision occasioned a good deal of kicking. Attendance, 400. THE PHILLIES DEFEATED.

PHILADELPHIA, Sept. 28.—Seymour to-day gave ten bases on balls and struck out eleven batters. He was very wild, but when he cut the plate the Phillies could not hit him. Error by the locals helped to fatten New York's score. Brice Hanfisch had several of his English critics witnessing the game with him. Darkness stopped play at the end of the eighth inning. Attendance, 2,800. Score:

Gutmann vs. Wheeling.

What promises to be a snappy ball game is slated for to-morrow afternoon at the Island ball park, when the crack Will Gutmann will tackle "Pop" Lytle's fastest amateur team in the valley and they will have rosters out in force. The game will probably wind up the base ball season in Wheeling, and judging by the sale of tickets the crowd will be large. The game starts at 5:30 p. m. Children will be admitted for ten cents.

STURLEY, Mass., Feb. 20, 1907. Gentlemen—Please you are receiving letters of me for the last time in my life. I have been troubled with Catarrh in a very bad form for many years, and during the past year have been attended by local physicians, who have prescribed all kinds of remedies, yet none of them have afforded me any relief. When in December, 1906, I purchased one of your "Catarrh" Pills, I have used it until now, and now I would not be without it. I have had such a relief that I could not get another, and I shall at every opportunity recommend it to all afflicted with Catarrh in any form.

Sincerely yours,
A. B. SPARROW.

Wheeling vs. Will Outmans

At Base Ball Park, Saturday, Sept. 30.

Game Called at 2:30

ADMISSION, 5c. LADIES FREE.

On board during the races of a representative named by a competitor was changed by adding that a representative of the competing yachts should be present during all measurements.

Sir Thomas J. Lipton and Mr. C. Oliver Iselin also signed the following conditions to the original agreement:

"Inasmuch as we are of the opinion that the American cup race is no less a test of the strength of construction for the competing vessels than of their sailing qualities, and it is deemed advisable to avoid the embarrassment in which a vessel finds herself when called upon to decide whether to withdraw from a race upon the occurrence of an accident disabling her competitor, it is agreed that in the races between the Shamrock and Columbia each yacht shall stand by the consequences of any accident happening to her and that the injured vessel shall sail out the race."

On the subject of overworking by excursion steamers the joint committee agreed upon the following:

"If either contestant shall complain to the committee on challenge that his vessel has been interfered with by excursion steamers or other vessels in any race the committee will take the complaint into consideration, and if it finds it well founded will seek a conference with the committee of the Royal Yacht club with a view of arranging for the sailing of subsequent races without public notice."

THE LOUISVILLE RACES.

So Many Entries in the 2:14 Trot that it was Split.

LOUISVILLE, Ky., Sept. 28.—There were three regular races on the card at the fair grounds to-day. One of them, the 2:14 trot, filled so well that it was split into two races. The first and most important event of the day was the Klatawa stake for three-year-old pacers, and was won in straight heats by the favorite, Riley B. Favorites were successful in the other two events, also in straight heats. In the extra affairs, a lot of purely local interest was shown in the gentlemen's road race for a silver cup, valued at \$250. This was won in straight heats by Jean Ingelkow, black mare, driven by Frank P. Kenney, secretary of the Louisville Driving and Fair Association. There were six starters in the first heat, but only three in the last one, the others having been drawn. Anacona, the California pacer, won the second heat with a mark of 2:03 1/2, going the final quarter in twenty-nine seconds, the fastest quarter ever made by a harness horse on the Louisville course. The summary:

Aquatics in Pittsburgh.

PITTSBURGH, Pa., Sept. 28.—A movement has been inaugurated here to restore to Pittsburgh its old-time supremacy in aquatics. A great regatta has been arranged for October 7, to take place on the Allegheny river, which runs between Pittsburgh and Allegheny. A splendid programme of races has been arranged, one of the great features being the meeting of the famous Philadelphia scullers, Edwin C. Hedley, of the Vesper club, and James B. Joynt, of the Pennsylvania Regatta club, in several of the events. The championship of Pennsylvania and the honor of rivalry with Ten Eyck, for the championship of America, lie in the result of the contest.

An unusually strong list of prizes has been offered and it is proposed to follow the races by a parade of decorated yachts and a fireworks display in the evening. There are entries from New York, Baltimore, Wheeling, Philadelphia, in addition to those from the Pittsburgh district.

Foot Ball at Bethany.

BETHANY, W. Va., Sept. 28.—To-day the fans witnessed the most encouraging practice of the week. The regulars were pitted against the scrubs in two short halves, and their work was a marvel. The backs, coached by Mason and Martin, succeeded in making good runs and demonstrated that they can be counted on for big gains. Stewart at center and Bowman at right guard, by their constant work yesterday, are considered fixtures. Waynesburg canceled Saturday's game, but Manager Cochran has almost completed arrangements with another good team for that date. There are still several open dates which the management would like to have filled. The probable line-up for Saturday's game will be: Stewart, center; Bowman and W. Fields, guards; Erdine and A. Gordon, tackles; J. Fields and P. Gordon, ends; Willis, quarter; Kere and Mason, halves, and Martin, full.

AMUSEMENTS.

"Brown's In Town," the farce comedy announced as the Opera House attraction last night, made a decided hit with the fair sized audience. The piece has plenty of "go" in its composition, and the company is made up of very good people without exception. Mr. Clayton's piano specialty, Paderewski in Rag-time, was received with enthusiastic applause, as was his encore response, a dancing specialty that was both novel and well executed. Other pleasing specialties were introduced in the course of the piece, all of which were good.

Macaulay-Patton Company.

Large and well pleased audiences continue to be the rule at the Grand Opera House, where the Macaulay-Patton Company is presenting a repertoire of high class dramas at popular prices. The society comedy drama, which was the mainstay of the company, "In Misrahu," at night, were both admirably enacted and received with appreciative applause. The specialties between acts are a feature of the productions. This afternoon the company will present the thrilling scenic melodrama, "A Struggle for Gold." To-night, in deference to the wishes of many who were unable to witness Monday night's performance, the company will repeat Mr. W. B. Patton's New York comedy drama, "The Minister's Son."

Pittsburgh Quintette.

An unusually attractive programme is offered by the Wheeling Park management next Sunday afternoon. In addition to the regular concert by the Opera House band, the programme will be interspersed with vocal numbers by the Pittsburgh Quintette. The Quintette is one of the most popular vocal organizations in this section of the country. It is in great demand for well society entertainments in Pittsburgh and has frequently been heard at open air affairs in Schenley, Calhoun and Youngstown parks. Lovers of good music will enjoy a genuine treat at the park Sunday afternoon.

Dear Sir, The Kind You Have Always Bought

Signature of J. H. Patterson

"May good digestion wait on appetite and health on both."

That sentence from Shakespeare is a genuine benediction of the body. In this as in so many other things the intuition of his mighty mind was not to have foreshadowed the facts which science has slowly discovered. Science has shown that disease in any part of the body is almost always accompanied by weakness and failure of the digestive and assimilative organs. Under these conditions the stomach, liver and blood glands fall in their appointed work. Then the symptoms of disease appear, often in organs apparently remote from the real cause. Vitality is lowered. There is a dull and sluggish feeling often accompanied by headache. The heart may seem affected. There may be lack of ambition and energy with mental irresolution. With such symptoms as these "delay is dangerous." Such a condition affords the favorite starting point for consumption. It is useless to "doctor" for the symptoms. The remedy that reaches the case must reach the cause of disease. The greatest medicine for all diseases of the stomach and other digestive and nutritive organs is Dr. Pierce's Golden Medical Discovery. It restores the appetite, re-establishes a sound digestion, purges out the bilious poisons which clog the blood, carries off waste and builds up sound and healthy tissues. The "Discovery" is not a stimulant. It contains no alcohol or whisky. No other medicine has so great a record of cures, therefore accept no substitute. Dr. Pierce's Peppermint Cure constipation.

BELLAIRE HAPPENINGS.

Matters of Interest in the Metropolis of Belmont County

Yesterday afternoon there was a daring attempt at robbery at the home of W. S. Heatherington, in South Bellaire. A big, burly fellow entered the house from the rear and hiding on a down stairs, he proceeded to investigate. Going up stairs he went through the drawers of a bureau, in one of which he found a loaded revolver. All this time Capt. Ham. Heatherington was lying on a bed in adjoining room, but he thought it was his brother Scott in the next room and paid no attention at all. Presently the door to his room was opened and as the burglar appeared in the doorway, Capt. Ham. Heatherington, who was sitting up in bed, raised his head in that direction. Quick as a flash the robber raised his gun and commanded him to keep quiet. Unarmed and only a visitor at his brother's home, he obeyed. The fellow closed the door for an instant, then opened it again and with the deadly gun pointing towards Capt. Heatherington, repeated his command. The robber then disappeared, carrying away only few trinkets besides the revolver. Capt. Heatherington notified police headquarters and in a little while there were wild rumors of seven desperadoes entering the Heatherington home and at the point of revolvers held all the inmates up and completely gutted the house. Marshal Johnston took four officers with him and investigated. The facts were as related above. The police have well founded suspicions and an arrest or two will likely be made at any time.

The strike of the laborers at the Riverside pumping station is about settled. Thomas Rogers was appointed foreman of the laborers, with instructions to hire men at \$1.50 a day and furnish gum boots for the men that work in the water. The company will furnish the rubber boots. On Wednesday the men, who struck for \$2, were offered \$1.75, so it will be seen that this offer has been received from. It is said the company was afraid the \$1.75 offer might attract its laborers, and lead to an impaired force at its plant.
